

TOWN OF DAVIE TOWN COUNCIL AGENDA REPORT

TO: Mayor and Council Members

FROM/PHONE: Cheryl Dolin, R.A. Project Manager, Capital Projects, 797-1191

SUBJECT: Resolution

TITLE OF AGENDA ITEM:

A resolution of the Town of Davie, Florida, approving the bid awarded by the City of Jacksonville, Florida # SC-0463-00 for supplying sports lighting and concrete poles.

REPORT IN BRIEF: The Town of Davie has signed into a lease with to the School Board of Broward County and has agreed to provide sports lighting at Nova High School Practice Field and Nova High School Football Field for the shared use by the Town of Davie and the the School Board of Broward County. Sealed Bids for the sports lights and concrete light poles that are to be furnished by the Town have previously been obtained and a contract has been awarded by the City of Jacksonville to Musco Lighting.

The School Board has requested that the Musco sports lighting system be used in the Nova High School project due to their belief that Musco is the best value (combination of price and quality) that they have used.

Letter from the School Board of Broward County

Copy of Jacksonville Bid #SC-0463-00

Copy of Renewal Letter dated June 1, 2001.

Copy of proposal from the Musco Company.

RESOLUTION _____

A RESOLUTION OF THE TOWN OF DAVIE, FLORIDA, APPROVING THE BID AWARDED BY THE CITY OF JACKSONVILLE, FLORIDA, BID #SC-0463-00 FOR SUPPLYING SPORTS LIGHTING AND CONCRETE LIGHT POLES.

WHEREAS, the Town is in need of sports lighting and concrete light poles for installation at the Nova High School Practice Field and Nova High School Football Field; and

WHEREAS, the City of Jacksonville has solicited sealed bids for supplying sports lighting and concrete light poles, and

WHEREAS, after review, the Town Council wishes to approve the bid awarded by the City of Jacksonville to Musco Lighting,

NOW, THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF THE TOWN OF DAVIE, FLORIDA.

SECTION 1. The award made by the City of Jacksonville to Musco Lighting for supplying sports lighting and concrete light poles in the amount of \$118,583.94, is hereby approved by the Town Council.

SECTION 2. The Town Council hereby authorizes the expenditure from the Parks and Recreation Bond Account.

SECTION 3. This resolution shall take effect immediately upon its passage and adoption.

PASSED AND ADOPTED THIS _____ DAY OF _____, 2001.

Subject: Nova High School Football Field Lighting

Dear Cheryl,

Per your request the School Board of Broward County hereby submits this letter as justification for the Town of Davie to purchase Musco lighting towers for installation at Nova High School.

Musco lighting systems have been used at other schools within the Broward County Public School system with a high degree of success and have demonstrated the best value (combination of price and quality) of the systems we have used.

Additionally, the Musco brand of lighting towers has already been reviewed and approved for use by our Design Services Support Department. Use of another lighting tower at this point would require redesign and re-submittal by your design consultant as well as re-review by our Design Department, which will delay approval and installation.

If you should have any questions, please contact me at my office (627-0852).

Sincerely,

David W. Fenton
Project Manager

100' mtg hgt	with 16 each SC-2 Fixtures	\$29,100	Add \$835 per fixture for additional fixtures, up to a total of 28 fixtures.

NOTE: Included in the above prices are delivery jobsite (tailgated), 7 year parts and labor warranty as stated in accompanying literature (lamps for 2 years); sealed foundation designs by a Florida Structural PE meeting 100 mph winds, ASCE 7-95 and SBC-97.

→ For 110 mph winds meeting ASCE 7-95 and SBC-97 standards, please add 9% to the above Light Structure System equipment prices.

Musco Ten Club Warranty

Musco will provide complete 10 year parts and labor warranty on the entire Light Structure System including lamp replacement. Service is based on a 300 hour per year lamp usage. Optional programs for 600 and 900 hours are available - contact Musco for more details. Add \$133.00 per fixture on each Light Structure Pole. See attached 10 Club Service brochure for complete program details.

Musco Multi Watt Option

Musco's Multi Watt option provides for a high low dimming option for the 1500 watt and 1000 watt systems. System includes pre-wiring of system in the Sportscluster Remote Electrical Enclosure for LSS and SC-2 products. A Multi Watt Control Panel is required for each zone that is to be controlled.

ADD: \$56.00/fixture for each lamp to be controlled by the Multi Watt system

ADD: \$975.00 per zone for each area to be controlled for Multi Watt Control Box.

Musco Control Link/Contactor Cabinet System

Musco's Control Link system provides a simple, cost effective way to control and operate your lights. Control Link's wireless control system performs according to schedules you define. Musco's factory assembled Lighting Contactor Cabinets are custom designed to work with the Control Link system. Package includes (1) Control Link system with one year of communication by Musco along with our large 72" x 24" contactor cabinet with (8) 60 amp contactors and (2) OOA switches. Initial on-site training and commissioning of the system is included. **Price: \$6,100.00**

Musco's Sportscluster Fixtures

Pre-wired, pre-Aimed with necessary brackets to attach to poles
For use on poles by others (not included)

Standard Lamp with Symmetrical Reflector

Lamps are either Philips, GE or Sylvania.

Per fixture price is \$689.00 each, which includes all items, is delivered and warranted.
Please refer to attached literature.

For all projects of less than 8 fixtures, please add shipping charge of 4% of order to handle additional freight costs.

MUSCO "POLE IN THE AIR" INSTALLATION OPTION

The Musco Light Structure System can be purchased "installed" by a licensed Electrical Contractor certified by Musco. This price will include unloading of the equipment upon arrival to the job site, excavation of the holes, assembly of the poles and luminaires, all pole wiring, installation of the prestress foundations with concrete backfill, pole erection and luminaire aiming. Wiring for the Light Structure System is from the lights/luminaire assembly down to the remote electrical enclosure at the base of the pole where it will be terminated on the Musco supplied disconnect breaker. Note: Installation assumes standard soils of 2000 psf with no rock or abnormal collapsing holes. Also, reasonable access to the pole locations must be provided and owner to dispose of excavated spoils from augured hole. Musco will provide final footcandle testing upon installation and energizing of the lighting system. Owner to supply underground electrical feeders, ground rods, panelboard, labor and transformer to energize the lighting system. No Power Company fees are included in these prices.

<u>Pole Size</u>	<u>Cost Per Pole</u>
50'	\$1,500.00
60'	\$1,900.00
70' pole with 1 to 13 fixtures	\$2,300.00
